## ABOUT ME

I am an aspiring MERN Stack Developer with hands-on knowledge of MongoDB, Express.js, React.js, and Node.js, developed through academic projects and self-learning. I have a solid understanding of both front-end and back-end development, including building responsive user interfaces and developing RESTful APIs. I focus on writing clean, scalable, and efficient code and follow best practices in modern JavaScript development. With a strong passion for continuous learning, I am eager to begin my career in a collaborative environment where I can contribute, learn, and grow as a MERN Stack Developer.

## PROJECTS

### E-Commerce Web Application (MERN Stack)

Built a full-stack e-commerce application using MongoDB, Express.js, React.js, and Node.js. Implemented JWT-based authentication, role-based admin panel, and Redux for state management. Integrated a payment gateway for secure transactions and used Cloudinary for product image upload and management. Developed RESTful APIs and tested them using Postman.

## SKILLS

- JavaScript
- React js
- Node js
- Express js
- MS SQL Server
- MongoDB
- Restful APIs

## EDUCATION

### Masters of Computer Application

Lovely Professional University, Jalandhar
**Start:** June 2023   **End:** June 2025

### Bachelors of Computer Application

Punjabi University, Patiala
**Start:** May 2019   **End:** June 2022

## CERTIFICATION

### Full Stack Development, April 2025

Six Months Industrial training in full stack development. In this training covers the ASP.NET Core, ASP.NET web APIs, MSSQL Server, React, Node js, MongoDB etc from **CS INFOTECH**

## INTEREST & HOBBIES

- Exploring new web technologies
- Playing cricket and participating in team sports
- Exploring new web technologies
- Traveling and learning about different cultures

## PERSONAL DETAILS

| | |
